

Full Access Plans

Looking to train your entire staff? Choose a plan to meet your needs that offers access to more than 450 courses.

Standard Plan

The Standard Plan gives your bank access to the full catalog of over 450 online courses. The system allows for individual or group enrollment into an individual course or multiple courses at one time.

You can generate course activity reports that can be downloaded into Excel to provide to auditors and examiners. The bank may enroll an unlimited number of employees into the system for one low price.

Subscription runs from Jan. 1 – Dec. 31. Price is prorated at time of purchase.

Custom Plan

The Custom Plan provides all the courses and functionality of the Standard Plan, and includes these additional features:

- Insert your bank's own policies and procedures into many banking related courses.
- Track in-house training sessions and third-party training.
- Filter online course results through a dashboard.

Subscription runs from Jan. 1 – Dec. 31. Price is prorated at time of purchase.

Online Certificate Programs

ICBA Education's collection of certificate programs is the ideal way to train those new to the industry, enhance professional skills, gain practical training, explore banking career growth, and affirm expertise. There are several options available on a variety of banking related subjects. Some certificates are available for an unlimited number of employees and others are available on an individual basis.

Certificate programs are online, self-paced programs which provide a certificate of completion and do not require continuing education. They are not the same as ICBA's certification programs, which are instructor led and require continuing education to maintain the specific designation. Learn more at [Certificate Programs](#)

Individual Courses

Interested in a specific topic? Individual courses can be purchased a la carte. Course access is granted only to the purchaser and is available for 365 days from the date of purchase.
